

ColneLife

MEDIA GUIDE

Craven and ValleyLife

Established for over eight years **Craven and ValleyLife** and **ColneLife** still continue to grab the attention and imagination of devoted readers and advertisers. Advertisers love the fact that we support their business within their locality, and after recent research we have realised that many of them also attract clients from outside their towns. Both publications are located on the cusp of the Lancashire and Yorkshire borders and with it being over 500 years since The War of the Roses, folk now feel comfortable crossing the border for certain products and services within a 15 minute drive (no matter which county it may be in!) As an added bonus for advertisers and readers the magazines will also share advertising from both the counties attracting double the amount of readers and potential clients. Both publications will continue to be packed with local news, reader interest stories, lifestyle and the ever popular what's on guide offering a wealth of opportunities for local folk.

Distributed on a quarterly basis throughout the Craven and Colne areas, such as Skipton, Silsden, Crosshills, Sutton, Steeton, Barnoldswick, Earby, Cowling, Haworth, Colne, Barrowford and Trawden, the front covers will still be individual to its target area. Circulated throughout hotels, bars, restaurants, shops, local attractions and businesses **Craven and ValleyLife** and **ColneLife** will continue to have a regular presence at local events and shows, actively supporting the areas and our army of loyal advertisers to ensure that you receive the best response for your business.
